**PHYSIOGRAPHIC MAP OF THE UINKARET PLATEAU, COCONINO
AND MOHAVE COUNTIES, ARIZONA. 1879-1880.**

<u>Item Number</u>	<u>Description</u>
MA-01657	Map folder with hand-drawn physiographic map, in ink, of the central and northern Uinkaret Plateau, Arizona, in three linen-mounted sections, each approximately 13 x 33 inches. Scale 1:63,360. A note on the reverse of the northern section reads "Unikaret [sic] Mts Arizona Special for Dutton". This map is presumably related to field mapping by Renshawe for Clarence Dutton in 1879, as mentioned in the preface to USGS Monograph 2 (page vii). A similar map by Renshawe, but topographic rather than physiographic and covering a larger area, was used as the base for atlas sheets VII and VIII of Monograph 2. 1879-1880.

Published as: U.S. Geological Survey. Monograph 2. 1882.
